MAYSVILLE, KY., SATURDAY, JANUARY 17, 1903.

NUMBER 46.

IT WILL BE RATIFIED.

Amended Cuban Reciprocity Treaty
Acceptable to the House.

PRESIDENT ROOSEVELT SO ASSURED.

Opposition Now Confined to the Democratic Side—Emperor William's Latest Gift—Intelligence of Washington.

Washington, Jan. 16.—President Roosevelt has been assured by Senators Aldrich, Lodge and Spooner of their belief that the Cuban reciprocity treaty would be ratified by the Senate. The three senators had a conference with the president, prior to cabinet meeting and went over the situation with him carefully. It was stated that the treaty was amended by the foreign relations committee and was satisfactory, practically to every Republican senator and that the opposition now was confined to the Democratic side.

President Roosevelt received from Emperor William of Germany, through Count Von Quadt, charge of the German embassy, an edition de luxe of a work entitled "The Reform of the Higher School System in Prussia." The frontispiece of the work, which, of course, is in German, is an excellent portrait of the German emperor. The book is a beautiful specimen of the finest German printing and binding and deals with a subject in which the emperor is interested deeply. President Roosevelt expressed his gratification for the gift.

Railway Officials Explain.

Washington, Jan. 16.—The Pennsylvania railroad, the Pennsylvania company (the Pennsylvania lines west of Pittsburgh), the Delaware, Lackawanna and Western and the Lehigh Valley railroad, have submitted to the interstate commerce commission statements that the increase in freight rates on grain and grain products, dressed meats and packing house products and a few other commodities are merely restorations to a usual or reasonable basis and are justified by increasing expenditures. It is claimed that during periods of commercial depression rates are reduced, but when business is active and profitable to manufacturers and shippers, it is reasonable that railroads should share in it.

Coal Transportation.

Washington, Jan. 16.—The house committee on mercant marine and fisheries directed that a subcommittee of five be appointed to begin the investigation into the subject of coal transportation which the house has authorized the committee to make. It is probable that this subcommittee will first go to Boston to take testimony. Hearings also will be held in Washington by the remainder of the committee. The list of witnesses to be summoned here has not yet been prepared.

Customs Collectors Instructed.

Washington, Jan. 16.—The treasury department received an official certified copy of the act placing coal on the free list. Upon its receipt, the department telegraphed the necessary instruction to collectors of customs throughout the country directing them to put the act into immediate effect. The telegram read as follows: "Admit all coal imported on or after fifteenth instant, free of duty under the act of fifteenth inst. Copy by mail."

For Exhibits at St. Louis.

Washington, Jan. 16.—The house committee on industrial arts and exhibits authorized a favorable report on the bill appropriating \$100,000 for an agricultural college exhibition at the Louisiana purchase exposition at St. Louis. Amendments were made to the bill providing for an appropriation of \$50,000 to aid the residents of Alaska to make an exhibit.

Cuban Sentiment.

Washington, Jan. 16.—The state department has received from United States Minister Squiers at Havana a report upon the progress there of the reciprocity treaty with the United States. The report is based upon assurances that the Cuban administration is highly favorable to early ratification of the treaty by the Cuban senate.

In the House.

Washington, Jan. 16.—The department of commerce bill was displaced and the house considered private claims bills.

Juryman Approached.

Frankfort, Ky., Jan. 16.—James Riddell, a member of the grand jury which is hearing the evidence of Henry Youtsey as to the alleged Goebel murder conspiracy, appeared before Circuit Judge Cantrell and told of an effort made to get him to divulge the secrets of the jury room.

stranger, believed here to be a Cincinnati newspaper man, representing himself to be a detective from Indianapolis, appeared at Riddell's home in the country and offered him \$400 for the story in full. On the refusal of Riddell to tell the story the stranger gave him \$5 for his supper and left. Riddell paid the money into court and furnished a description of the man.

STRIKE COMMISSION.

An Agreement Reached Regarding Certain Wage Statements.

Philadelphia, Jan. 16.—The Erie company, which operates the Hillside Coal and Iron company and the Pennsylvania Coal company, closed its case before the coal strike commission and was followed by the Scranton Coal company and the Elk Hill Coal and Iron company, which turn their coal over to the Ontario and Western railroad. When the session opened, counsel for both the miners and the Erie announced that the difference existing between the two parties, regarding the compilation of certain wage statements to be presented to the commission, are being amicably adjusted by the experts representing each side.

The Erie then rested its case, with the exception of the calling of one witness and the Scranton Coal company and the Elk Hill company then presented its side of the controversy. James E. Burr of Scranton, of counsel for the two companies, made the preliminary statement.

William Allen, inside division superintendent of the Elk Hill Coal and Iron company, was called. He said that during his 29 years' experience in the coal regions he had never heard of the existence of a black list. Witness told of insubordination. The company promised to give breaker boys a sleigh ride. The snow melted and because they did not get the ride all of them struck, tying up the colliery. Another colliery shut down because the men struck upon the refusal of one man to show a union card. He also told of cases of lawlessness.

WITH FORMALINE.

Successful Experiment In Bellevue Hospital, New York.

New York, Jan. 16.—At the last meeting of the New York Obstetrical society, Dr. Charles C. Barrow of this city, submitted a report of an experiment with formaline, a drug known as the strongest of antiseptics, which he had made in Bellevue hospital on a patient, who after giving birth to a child had a temperature of 106 degrees and a pulse of 160. When the patient was admitted she was suffering from septicis, or blood poisoning. A blood culture was taken and it was to be found full of septicæmia. After the injection of formaline the patient recovered rapidly. The belief at the start was that the patient was dying and most radical measures were used to save life. Five hundred cubic centimetres of formaline were injected into the left arm. The effect seemed, according to Dr. Barrow's report, to be almost instantaneous. A second injection was given her and her pulse and temperature fell to normal. The patient is now recovering.

Embezzlement Charged.

Burlington, Ia., Jan. 16.—The grand jury has returned indictments against H. K. Roepke of Canton, O., and C. W. Gray of Philadelphia, for larceny by embezzlement. They came to Iowa last April to introduce a newspaper circulation scheme by giving books as premiums. They made a contract with the Evening Gazette, which furnished them the books to deliver to subscribers. After collecting nearly \$400 they disappeared the night before they were to make the accounting and have not been heard from since. Efforts will be made to locate them, and bring them to Burlington for trial.

Block Burned.

Chicago, Jan. 16.—Fire destroyed a large manufacturing block at Canal and Madison streets, causing a loss estimated at \$100,000, and caused a panic among the guests of the Grand Central adjoining. For a time it was feared the hotel would be destroyed and many of the inmates fled in scant attire into the street. Among the heaviest losers are the Simonds Manufacturing company, F. F. Gump and Company, Eureka Manufacturing Company, and the Western Brass works. Most of the concerns occupying the building were engaged in the machinery business.

Columbia, S. C., Jan. 16.—N. G. Gonzales, editor of the State, who was shot and perhaps fatally wounded by Lieutenant Governor James H. Tillman, is reported by his physicians to be holding his own, with indications of improvement. In a statement to the hospital physicians before the operation was performed, Mr. Gonzales said: "I was unarmed and there was no cause for my assassination, but I die a martyr to a good cause gladly. I have done nothing but my duty and have nothing to regret."

FALSE SIGNAL SHOWN.

Baltimore and Ohio Passenger Train Strikes Two Engines and Caboose.

FOUR TRAINMEN KILLED, OTHERS HURT.

Messenger Boy In the Blockhouse Held Responsible For Wreck.
List of Victims of the Disaster.

Cumberland, Md., Jan. 16.—Through the alleged interference of a messenger boy a wreck was caused on the Baltimore and Ohio railroad east of Cumberland, in which four employees of the Baltimore and Ohio railroad were killed and three injured. Three of the men killed lived in Baltimore and the fourth was a resident of Cumberland. The killed: W. T. Simms, engineer; W. J. Moran, fireman; H. D. Sneeringer, fireman; John Butler, engineer. Those injured: T. J. Hendrix, conductor, Baltimore, bruised about the body; W. N. Christopher, engineer, Baltimore, bruised; — Kinney, conductor, Cumberland.

The wreck was due to the displaying of a false signal, giving a clear track for eastbound passenger train No. 10, when in the next block ahead there was standing on the track a caboose and two engines. The passenger train was drawn by two engines and these crashed through the caboose and engines which obstructed the track. Luckily the train had not attained its full speed and was only moving at the rate of about 20 miles an hour when the collision came. The postal car of the passenger train was derailed, but the passenger coaches did not leave the track, and the occupants escaped injury.

It is charged that a messenger boy named Turner, who was in the block tower when No. 10 came along, hearing the engineer's whistle for clear tracks, pulled a lever giving him a clear signal.

The operator had, it is explained, previously set the signal at danger. While his attention was being devoted to communicating with the succeeding block station, the boy, it is alleged, pulled the lever that gave the train the signal that it had a clear track ahead and the operator was not aware what was done until the crash came. After the wreck, the passenger train was taken back to Cumberland, subsequently to Baltimore. The injured were sent to the hospital in this city.

NO TIDINGS

Of the Overdue American Line Steamer St. Louis.

New York, Jan. 16.—No tidings have yet been received of the American liner St. Louis. The missing steamer left Cherbourg Jan. 4 and is six days overdue. A feeling of alarm is felt as to its fate. Clement A. Griscom of the American line, said: "It has been said that the steamer has leaky boilers. I do not know that she has. There are thousands of small tubes on which the flames play to heat the water. If, as sometimes happens, some of these tubes leak enough to damp the fire, it is necessary to plug them up. This does not mean that there is serious damage, but it does mean that you have less surface to heat the water, and so less steam. I do not think the St. Louis is in trouble, but she is not making very fast time."

St. Louis Not Sighted.

Havre, Jan. 16.—The French line steamer La Lorraine, from New York, Jan. 8, which has arrived here, did not sight the steamer St. Louis.

Cardinal Parochi's Successor.

Rome, Jan. 16.—Cardinal Serafino Vannutelli has been appointed vice chancellor of the Catholic church, in succession to the late Cardinal Parochi. The haste with which the pope filled the vacant office is much commented upon. Cardinal Vannutelli is now regarded as the probable successor of Pope Leo, as vice chancellor of the church is one of the highest positions in the papacy.

Thames Frozen Over.

London, Jan. 16.—For the first time in many years, the Thames is frozen over. At Marlow the ice is nearly an inch thick. The drift ice has formed in solid packs on the river at Windsor and Richmond. Intensely cold weather prevails, which has largely increased the number of unemployed, as much outdoor work has been suspended.

San Francisco, Jan. 16.—The condition of Frank McConnell, the pugilist, who was knocked out and probably fatally injured by Spider Welch in a prize fight, is extremely critical. He has not yet recovered consciousness. McConnell is a sailmaker by occupation and is said to be the sole support of his mother and five small children.

The petition for a rehearing in the case of Board versus the C. and O. has been overruled.

The Court of Appeals has dismissed the Fleming County case of Ryan against Davis' administrator.

Rev. J. J. Dickey will preach at the Washington M. E. Church, South, tomorrow, morning and night.

Adam Poth and wife have sold to Ella T. Shipley a house and lot on Central avenue, Sixth ward, for \$550.

Varieties of peaches which will stand a temperature of twenty degrees below zero are being successfully grown in many parts of the country where heretofore peach growing has been considered impossible.

The case of the Vanceburg and Stouts Lane T. P. Co. versus Bruce, etc., and same versus M. and B. S. R. R. Co., from Lewis, were argued by A. D. Cole for appellant Friday and submitted in the Court of Appeals.

Judge Daugherty, of Owingerville, has ordered the telephone companies doing business in Bath County to place his office in connection with all their lines or remove their poles and wires from all public roads. The telephone people are indignant. They say that the Bath County Fiscal Court granted them an unconditional franchise.

The Cincinnati Times-Star, January 5th, says: "Gypsy Jack" with Willis Granger in the name part, is the best melodrama seen in Cincinnati this season. The play is one of intense interest and such that might occur in real life. His work as 'Gypsy Jack' is all that could be desired, and the supporting company one way above the average. Joseph Carey is a good comedian and his specialties, as well as Miss Florence Hartny's, met with instant favor. The play was well supplied with scenery."

Auditor's Agent Watson has filed an agreed assessment against Wm. Tuel of eighty-three acres of land near Shannon, for 1902, assessed valuation \$2,700. He has also filed an agreed settlement with Mrs. Ann Owens, of Dover, for taxes on \$2,000 personally omitted for years 1893 to 1902 inclusive, except for 1894. State tax \$86; county tax \$116.10; penalty \$40.42; clerk's fee \$4. Also an agreed settlement with John H. Worthington for taxes on personally omitted for years 1884, 1894, 1895, 1896 and 1897. State tax \$52.51; county taxes \$60.51; penalty \$22.60; clerk's fees \$3.

Friday was the anniversary of Rev. R. E. Moss' birth, and in celebration of the event one of the faithful members of his church tendered him a banquet at the Central Hotel last evening at 8 o'clock, the other guests being the Elders and Deacons of the church and the Superintendent and Assistant Superintendent of the Sunday school. Covers were laid for twelve. Following the very tempting and sumptuous feast of good things Mine Host Daugherty of the hotel had prepared for the occasion, there was a feast of reason and a flow of soul," the guest of honor closing, at 10 o'clock, with a recitation of James Whitcomb Riley's beautiful poem "That Old Sweetheart of Mine." The evening will linger is a pleasant memory with all who were fortunate enough to be present. During his stay in Mayesville Mr. Moss has endeared himself to his people and to a wide circle of friends outside of his church.

OHIO MINERS

Move Against Government by injunction—Wage Scale.

Columbus, O., Jan. 16.—The Ohio Mine Workers' convention concluded its work here and the delegates left for Indianapolis to attend the national convention. The scale committee in its report recommended that the Ohio miners demand a 25 per cent increase in wages. All the officers of the Ohio organization have been given material increases in their salaries. President Haskins and Secretary Savage were voted \$100 per month.

Important action was taken relative to the control of government by injunction, the miners calling upon congress to remedy the evil by, first, classification of causes subject for jurisdiction of federal judges; second, before injunction are issued they must be approved by two or more elective judges; third, defendants must answer in 30 days or less; fourth, applicant for injunction must submit reasonable proof under penalty of imprisonment for perjury; fifth, the judge issuing the injunction shall not sit in the trial; sixth, right of trial by jury in contempt cases from injunction. The attitude of Ohio congressmen and senators on this matter will be ascertained and filed for future action.

BEEF MERGER FEARED

President of the Livestock Association On the Proposed Combine.

HE WOULD PUSH THE PENDING SUIT.

Old Officers Reelected, Resolutions Adopted and Some Minor Business Cleared Up—Features of the Final Session.

Kansas City, Jan. 16.—The sixth annual convention of the National Livestock association finished its labors here. The work of the last sessions consisted in passing on resolutions favorably recommended by the executive committee, in the delivery and discussion of several addresses of interest, in the naming of a convention city and in confirming the old officers for the ensuing year, all of whom had been recommended for reelection. The officers are: John W. Springer, Denver, president; John M. Holt, Miles City, Mont., first vice president; F. J. Hazen Barth, Salt Lake City, second vice president; George L. Goulding, Denver, treasurer; Charles F. Martin, Denver, secretary; Fred P. Johnson, Denver, assistant secretary.

Hon. William M. Springer spoke on "The Proposed Merging of the Packing Plants of the Country, the Effect and Remedy." He detailed at length the proceedings in equity begun by Attorney General Knox in Chicago last May against the so-called "beef trust," and declared that if members had information that the defendants had violated the temporary injunction granted by the federal court, such information should be furnished at once to the attorney general of the United States. Mr. Springer continued: "The pending suit in Chicago has had the effect, so far, to prevent the organization by the defendants of a great merger corporation, capitalized at several hundred millions of dollars, for the purpose of uniting all the packing plants in this country into one organization to be managed and controlled by one board of trustees. The raisers of live stock in this country would, if such merger corporation were formed, be compelled to sell all their products to one purchaser, and that purchaser would fix the prices to be paid, the number of live stock to be purchased and the places at which they would purchase and pay for the same. Gentlemen of this convention, are you ready and willing to subject all your interests to such a condition? If not, you owe it to yourselves to aid the government of the United States in all its efforts to prevent the formation of such a merger corporation."

At a meeting of the executive committee of the National Livestock association the following resolutions received favorable recommendation and were adopted by the convention: Endorsing the omnibus statehood bill for New Mexico, Arizona and Oklahoma; endorsing the policy of the agricultural department in its efforts to eradicate poisonous plants on the ranges; indorsing the Tongue Pure food bill, which is now before congress asking that body to immediately pass the bill; asking the agricultural department to repeal the forest exclusion order and protesting against the government setting aside vast tracts of land for game preserves; transferring the administration of the affairs of the forest reserves to the department of agriculture.

Shoe Cutters' Strike.

Lynn, Mass., Jan. 16.—Shoe cutters to the number of 200 employed in nine factories here went on strike. Upwards of 3,000 hands are indirectly involved, and unless the places of those who have stopped work are filled promptly a complete shutdown of the factories is threatened. The strike was ordered by the Knights of Labor, following the presentation of a new price list by the cutters' union of that organization. It is averred that the action violates a contract between the manufacturers and the boot and shoe workers' union.

Rival Unions and a Strike.

Chicago, Jan. 16.—War between rival labor organizations resulted in a lockout of 4,000 workers, including about 2,000 women. For several months it is gathered, the United Garment Workers of America and the Special Order Clothing Makers have been in a controversy over a question of jurisdiction and the employers have decided the latter must give way and join the Garment Workers. The Clothing Workers, however, refused to desert their union and the lockout resulted.

Washington, Jan. 16.—Colonel A. G. Hennisee of the Fifth cavalry was placed on the retired list by operation of law on account of age. Colonel Hennisee is a native of Maryland.

ADDITIONAL interest is given to the race for Circuit Clerk by the announcement in to-day's issue of Mr. Charles H. Parry as a candidate. Mr. Parry is a son of Mr. Ben D. Parry, and for twelve years was a deputy in the office under his father, his long service making him familiar with all the duties of the position and fitting him in an especial manner for the position he seeks. His service as Deputy also gave him a wide acquaintance throughout the county, and with a host of warm friends, who will rally to his support, he is prepared to make an unusually strong fight.

"MURDER WILL OUT"

Foul Assassination of Gov. Goebel Being Laid Bare.

Assistant Under Caleb Powers Says Taylor, Finley, Culton, Youtsey and Gold-en are Guilty.

[Courier-Journal.]

FRANKFORT, Ky., Jan. 15.—J. B. Matthews, of Somerset, First Assistant Secretary of State under Caleb Powers, made an open statement here to-night in the presence of witnesses that five men to his knowledge were responsible for the murder of Gov. Wm. Goebel. He says they are Wm. S. Taylor, Charles Finley, Henry E. Youtsey, Wm. H. Culton and Wharton Golden.

"There may be others," he said, "but I am satisfied that these men conspired to kill Goebel. After the shot was fired and I had broken open the door leading into Caleb Power's private office, I saw a gun on the floor near the window. The window was raised. I thought that the shot had come from there and the murderer had escaped. Caleb Powers was my chief. I believed him innocent then, and I do to this moment. I rushed out and said: 'I intend to make an investigation myself.' Taylor said: 'Matthews, you are a d—d fool; don't you know you will get Henry Youtsey into trouble?' I said: 'I don't care; I'm Assistant Secretary of State and I don't propose to rest under statements that Goebel was shot from this office until the right people are captured.' Taylor said: 'But my God, don't you know you will ruin us all if you go ahead with this business.' I replied that I would not be ruined."

"Wm. S. Taylor is guilty, and it can be proved. If Youtsey has told all, as I believe he has, it will be found that the five men I have named are guilty 'beyond any reasonable doubt.'"

Mr. Matthews also made another startling announcement by saying:

"Few persons know why Taylor and Youtsey were so intimate, but I can tell. Youtsey was to be made private secretary to Taylor if the Legislature had decided against Goebel. Taylor told me this prior to the contest, and the papers proving this assertion were left in the Governor's office. They may be there now."

Mr. Ed. O. Leigh to-night said the papers left by Taylor, including Youtsey's application and endorsements, were left in the office of Taylor and are there now. "I did not know, however," said Mr. Leigh, "whether Taylor ever decided to appoint Youtsey."

The cause for Matthews' presence here at this time is not known and his statement to-night has caused somewhat of a sensation in Frankfort. He never testified but once in any of the cases of the Goebel conspirators and that was on a motion of W. H. Culton for bail. Then he gave none of this information and since that time has never made his appearance when called as a witness at any of the trials.

"Have you given these facts to the Commonwealth? he was asked.

"I have," he replied. "They are in black and white and are now in the possession of Commonwealth's Attorney Franklin. I have nothing to shield and I predict that every man guilty of the crime will be convicted in less than a year. I am satisfied the Commonwealth is now in possession of every step and detail of the entire plot. Every one has always understood Taylor's motive in aiding to kill Goebel, but no one knew Youtsey's motive. He was to be the Governor's Private Secretary, and of course was interested."

Matthews' statement, coupled with other facts, leads all persons to believe

Dress Stuffs!

\$2½ to \$5 buys a dress pattern that a fortnight ago would have cost \$5 to \$10. Not to wool Dress Goods are reductions confined—silks have also been sheared of all profit. Never a better time to buy a dress, waist or skirt. Perhaps some neighbor has availed of this sale—ask her opinion of our January bargains—we know her answer will bring you here.

Furs-One Half

The offer can be made in a dozen words. Every fur piece in the store at a reduction of one-half from the marked figures. Owing to the warm fall we marked furs early in December at the lowest prices ever known in the store's history—and from these lowest of low prices we again clip one-half.

A BARGAIN....

Is only a bargain when it is a worth-while article at less than usual price. Last winter's coats would not be cheap to smart dressers at any price.

Every Wrap

In our stock is correctly fashioned and was made for the winter of 1902-3. We didn't carry one coat over from last year. We emphasize this point because it is difficult for anyone to grasp the extraordinary values we are giving in the coat department. You think old-fashioned garments are only possible at such prices. Don't waste time over that fallacy when a glance will instantly confirm every detail of our statement.

HANDSOME WEDDING.

Marriage of Dr. Walter Matthews and Miss Josie Mae Turner, of Eminence.

EMINENCE, Ky., January 15.—Miss Josie Mae Turner, the charming daughter of Mr. and Mrs. James Polk Turner, was married to Dr. Walter Matthews, a popular young dentist of Maysville.

"Greenwood," the beautiful country home of the bride, was tastefully decorated in trailing vines and white and crimson carnations, while a horseshoe of the same formed a floral arch, beneath which the bridal party took its place.

The bride is one of Eminence's most charming and beautiful young ladies and is unusually popular with all who know her. She was becomingly arrayed in white Paris muslin and lace, and carried a shower bouquet of Bride roses. She wore an exquisite diamond ornament, a gift of the groom.

Miss Patria Blanche Turner, a sister of the bride, was bridesmaid. She wore a creation of white moult and lace with pink ribbons and carried a bouquet of Catherine Mermet roses.

Dr. D. Montgomery Mason, a young dentist of Cincinnati, was the groom's best man. Mrs. George Tingley Browder, of Louisville, presided at the piano while Miss Edwina Cochran, a warm friend of the bride and quite a talented young lady, sang in her usual sweet way, "You" and "O Promise Me."

At 2:30 o'clock the piano responded to the magic power of her wonderful touch and gave forth the notes of Mendelsohn's wedding march, as the bridal party entered. The happy couple stood under an immense bell of evergreens and vines. Rev. Ernest Elliott, of the Christian Church, performed the ceremony, speaking the solemn words that transform lovers into the higher relation of husband and wife.

The bride's going-away gown was a stylish coat suit of brown with a jaunty beaver hat. Just before descending the stairs she threw her bouquet to the crowd, Dr. Mason being the lucky one to catch it. After congratulations the couple were driven to Eminence and left for a trip to the principal cities of the East, thence to their future home in Maysville.

Mr. and Mrs. Walter Matthews, of Mayslick, father and mother of the groom, were present; also the groom's two bright little sisters, Misses Hannah and Mary Matthews, and many other relatives of the couple.

The bride and groom have the best wishes of their many friends, and the people of their future residence can congratulate themselves on the addition of one of Eminence's jewels to their society.

A skiff containing nine persons capsized as they were crossing at Vanceburg and they had a narrow escape from drowning. Among the number who were given a cold bath were Editors Wilson, of the Sun, and Mavity, of the News.

Bishop Lewis W. Burton, of the Lexington Diocese of the Episcopal Church, is writing a history of Henrico Parish and St. John's Church, Richmond, Va., of which he was for nine years the rector.

HERE'S A POINTER!

A Proposition to Farmers That Would Tickle the "Original Rib."

We are pleased to announce that notwithstanding the recent advance in wire goods, our prices on **AMERICAN FIELD FENCE** will remain the same for a FEW DAYS. A purchase of five car-loads late in the Fall enables us to continue the old quotations for a short time only. PRICES ARE GOING HIGHER and we would not be surprised at any time to receive advices of a further advance. Our present figures are much lower than we can promise to name a month hence and are subject to withdrawal without notice. Farmers would do well to anticipate future needs and buy while we are in position to make this offer.

"*Gypsy Jack*" This Afternoon and To-night. Lovers of melodrama have a treat in store, and do doubt the English melodrama "Gypsy Jack" will meet with deserved patronage when it is produced at Washington Opera House this afternoon at 2:30 and to-night at 7:15. "Gypsy Jack" is a departure from the ordinary, as in dealing with the peculiar people, the gypsies, it has given the author a field for the display of originality of which he has taken advantage. Willis Granger will be seen in the star part. Seats on sale at Nelson's.

PLENTY OF IT.

Lots More Proof Like This, And It is All From Maysville People.

"The proof of the pudding is in the eating of it." If any city or town in the union has sufficient proof on the following subject it is Maysville. Genuine merit is finding its reward in the hearty endorsement of local citizens. When people right here at home, friends and neighbors of our readers, give a statement like the following for publication, it is proof convincing for the most skeptical. Read this testimony:

Mr. A. W. McClanahan, of 119 West Second street, says: "The use in my case fully demonstrated the value of Doan's Kidney Pills. I suffered more or less from kidney trouble for twenty years steadily, becoming more persistent as time passed on. My attention was called to Doan's Kidney Pills, and I got a box at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. The treatment so greatly benefited me that my only regret is that I did not know of this valuable remedy years ago, for had such been the case I would have been saved much suffering."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N.Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

The Court of Appeals Friday reversed the case of Johnson versus Zweigart, taken up from this county.

The marriage of Mr. John Merrill Richardson and Miss Anna Kubel, of Jersey Ridge, will be solemnized next Wednesday at 8:30 a.m. at St. Patrick's Church. Their friends are invited.
